

School to Club Links

Below is the Stevenage Sporting Futures Team club links document (last updated November 2021) and a link to the Sports Stevenage website, which shows an updated clubs list.

Both will provide an extensive list of club contacts from your local area and across Stevenage.

Good practice in relation to establishing school to club links suggests that establishing a formal agreement between your school and each sports club will help to outline what each partner will gain from the link. This should include details of what each partner will do in order to confirm expectations and ensure clear communication between both parties.

Remember, for your School Games Mark application, you need to show that you have active links with community clubs – this can include: running assemblies, running extra-curricular clubs, signposting students to these clubs and etc. A PE noticeboard is a good way to share the message with your students.

PLEASE NOTE these clubs are not endorsed by the Stevenage Sporting Futures Team. This document has been collated using directories from Sport Stevenage and Hertfordshire Sports Partnership.

An online directory of clubs can also be accessed via the Sport Stevenage website. Follow the link below:

<http://www.sportstevenage.co.uk/clubs>
